

# Essential Car Safety Checklist!

Make sure your vehicle is safe to drive with these quick checks:

## Regular Servicing

- Follow your manufacturer's service schedule to avoid wear and tear

### Top Up Engine Oil

- Check monthly and before long trips
- Use the correct oil type

### Inspect Windscreen & Wipers

- Look for chips or cracks
- Replace wipers if worn

### Test Battery

- Check for corrosion
- Check battery health

### Check Tyres

- Tyre Pressure
- Tyre Tread Depth
- Check Spare Tyre

### Ensure Lights Are Working

- Test all lights every 6 months
- Replace any burnt-out bulbs

### Additional Safety Checks

- Adjust your mirrors and check seat belts
- Check that your alarm is in good working order
